FGN PROJECTS

Commercial Fit-Out Specialists | Sydney, NSW

CAPABILITY STATEMENT

2026

[INSERT HERO IMAGE]

Large commercial fit-out photo

A lean team built to deliver

FGN Projects is a Sydney-based commercial fit-out contractor led by a strong core team that pairs hands-on trade expertise with commercial project controls. We deliver projects of all values, shapes & sizes on time, on budget and in alignment with client expectations.

Project stakeholders deal directly with the team running the job, no layers of management, one line of communication. That means faster decisions, tighter cost control and a high quality build that reflects the design intent.

16 yrs

Combined industry experience

40+

PROJECT 01

The Pool House - Yarra Road

VALUE	SIZE	SCOPE
\$600k	183m2	New build

Built from the ground up: a Hamptons-style entertainment pool house featuring a crushed aggregate slab, timber frame construction, bespoke joinery, full kitchen & bathroom fit-out, and a custom-built golf simulator.

[INSERT PROJECT PHOTO]

PROJECT 02

Intuit (Post Occupancy Project) - 1 O'Connell St

VALUE	SIZE	SCOPE
\$1m	4000m2	Refurbishment

Refurbishment of a newly constructed tenancy fit out for tech mogul, Intuit. This involved alteration & installation of multiple new finishes, signage, joinery, additional services & construction of a working platform. Delivered on time, on budget, defect free.

Duplicate this slide to add each new FGN project as it completes.

Two principals. Direct accountability.

Elliot Terry-Fagan

MANAGING DIRECTOR

10+ years experience in Carpentry, Formwork and Site Supervision on high-end residential and commercial projects.

Elliot specialises in bringing plans to life, with a solution-focused mindset, he helps clients and designers turn their vision into reality. He is experienced in organising and coordinating multiple trade teams to keep projects moving efficiently and on schedule. A key part of delivering on that vision is his skill in sourcing the right materials, drawing on strong supplier relationships to secure quality products that match design intent without compromising on budget or timelines. His background in remedial construction has instilled a deep commitment to building to code and minimising defects from the outset, ensuring projects are done right the first time, reducing the likelihood of costly rework down the line.

Will Desborough

CONSTRUCTION MANAGER

7+ years experience in Quantity Surveying, Contracts Administration, Project Engineering and Project Management on commercial fit-outs and new builds.

Will brings a strong background in Quantity Surveying and Project Management, having worked across projects ranging from \$340k to \$165m in value, including CBD Office Fit-Outs, Retail, Hospitality and Defence sectors.

Clients benefit from tighter cost control, accurate budgeting and transparent contract management from day one, reducing the risk of unexpected costs or delays. His project engineering background ensures the design, procurement & construction stages are effectively coordinated, executed, and tracked - the rigour of a major commercial builder, with the responsiveness of a small, dedicated team.

What clients get with FGN

Trade-led, commercially run

Hands-on trade leadership paired with commercial project controls on every job.

Direct communication

You speak directly to the team running the project — no layers of management.

Proven across all scales

Experience on projects up to \$165m in value across office, retail, hospitality, wellness, residential and defence.

Strong subcontractor network

Established Sydney trade base, engaged and coordinated by people who have worked alongside them.

Responsive to your programme

Adaptable to client and leasing agent timelines, including out-of-hours and staged works.

Safety and compliance focused

White Card certified, built to code, with a defect-minimisation mindset from day one.

PROJECT EXPERIENCE

Career history portfolio

Selected projects delivered by Elliot and Will in prior roles with leading Sydney contractors — the experience base FGN Projects is built on.
